Proper notification is a written certification by a licensed veterinarian within seven days, that the mare has slipped or produced a non-viable foal. Mare Owner verifies that such abortion or death did not result from any act or omission of the owner. Rhino vaccinations must be administered as indicated by the individual drug manufacturer as the mare progresses through her pregnancy. FAILURE TO DO THIS WILL VOID THE LIVE FOAL GUARANTEE.

7. Rebreds: If the mare does not produce a live foal the first breeding season bred, mare owner is entitled to a rebreed the following year after the initial year the breeding fee was paid. 11. It is agreed that should above named stallion die or become unfit for service, then this contract shall become null and void and the booking fee refunded. For those with a paid return breeding, if the stallion dies the mare owner may select another stallion standing at Circle C Farm, with all monies paid applied to that stallion's breeding fee. Mare Owner is responsible for paying the difference in stud fees if a stallion is chosen with a breeding fee of higher value. There will be no money refunded.

12. This contract shall be governed by the laws of the State of Louisiana and venue in ST. Tammany Parish, Louisiana. All accounts are due and payable in , in U.S. dollars.

13. This contract is not valid unless completed in full. When Mare Owner signs and returns the contract and booking fee to Breeder, Breeder will notify Mare owner with 10 days of approval. Upon notification, it will become a binding contract on both parties, subject to the above terms and conditions.

14. CCFEF also guarantees that each live foal by Elvis White Diamond will carry at least one copy of the crème dilution gene. In cases of disputes arising from this guarantee, mare owner must prove using a certified laboratory recognized by AQHA that both parentage verifies the foal is an offspring of said stallion and determines that the foal does not carry a copy of the crème gene. This is a crème dilution guarantee. Elvis White Diamond has been confirmed to carry two copies of the crème gene by UC Davis.
